

DESIGN AND PLANNING

Good office design positively affects both the mood of your employees and their productivity. A well-designed office does more than impress your clients - it changes the way that you work. At Kudos, we understand that transforming your environment can be critical to your success and we will work with you to get the exact image you require at a price you can afford.

REFURBISHMENTS

Kudos provides a full spectrum of services for office refurbishment. From space planning and project management to full installation of services, we offer an excellent service regardless of the project, ensuring everything is done as quickly and smoothly as possible. We understand the Health and Safety regulations that need to be observed and when working during business hours, we monitor IT and telecom systems to minimise disruption to you and your team. If required, your project can be completed during evenings or weekends.

RELOCATION AND FIT-OUT

When you make the decision to relocate and the new premises require a fit-out, Kudos can help every step of the way. Once the design has been approved and the products ordered, we will guide you through the process from initial building surveys to completion day. Moving to new offices requires careful planning to meet your precise needs and we are able to offer impartial advice to achieve your specific requirements. You will be allocated a dedicated Account Manager who will be your main point of contact at all times, to ensure that the project runs to agreed timescales and to help you keep to your budget.

FURNITURE

We provide impartial advice and service to our customers, liaising with numerous furniture manufacturers to source your exact requirements. We have access to the best products, at the best prices so you save money without compromising on quality or design. Our extensive industry knowledge means that we can expertly select, procure and furnish innovative offices with an eye for ergonomics and aesthetics – whether traditional, modern or contemporary. From modern sit-stand desks to executive furniture, flexible meeting tables and creative storage, the possibilities are endless with Kudos.
